### Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Engaging in Professional Learning Communities to identify the English demands in the Australian Curriculum, assessment tasks and differentiation practices.
- Establishing effective school processes, including Case Management, differentiation practices and data analysis.
- Developing critical and creative thinking through the implementation of a consistent school-wide philosophy curriculum.
